The safety of visitors to the Leura Harvest Festival is paramount. Stallholders are expected to conform to traffic procedures which ensure safety and access for emergency vehicles.

- Leura Mall will be closed between Railway Parade and Megalong Street from 5.30am to 6.30pm.
  - The traffic marshals have absolute authority in directing vehicles. Unloading and loading of vehicles is to be carried out swiftly and the marshals may direct drivers of large vehicles to fall back behind smaller vehicles if it is considered that this will facilitate a more efficient set-up and close down of the event.
  - To facilitate movement at the end of the event, the organisers will give notice of one half hour to remaining visitors that the event is closing. Stallholders should cease trading at the end of that half hour period.
  - Traffic controllers will determine when safe movement of vehicles is permitted within the Festival area after trading ceases to allow visitors to leave and stallholders to dismantle stands.
  - In the event of adverse weather conditions necessitating early closure, the organisers will proceed in the same manner as above but at a designated time.
  - Stallholders wishing to vacate their space prior to official closing of the event should inform the Festival Co-ordinator, and be aware that they will not be able to bring a vehicle within the area of the event. Removal of goods and equipment will have to be accomplished by other means.
- 

## **PARKING**

- There is no parking permitted within the Festival area.
  - Stallholders are required to park as far away from the event as possible to allow maximum parking space for Festival visitors and disabled patrons.
  - NO STALLHOLDER PARKING IS ALLOWED IN MEGALONG STREET CARPARK OR GROSE STREET, WHICH WILL BOTH BE MONITORED ON THE DAY.
-

---

## **FORCE MAJEURE**

For the purposes of this clause "Force Majeure" means an event or circumstance beyond the reasonable control of a party, including acts of God, war, rain, hail, fire, explosion, civil disobedience, legislation not in force at the date of this Agreement or labour disputes.

Neither party will be in breach of this agreement, and neither party will be liable to the other party, for any delay or failure to perform an obligation under this agreement due to Force Majeure. Further, the participant acknowledges it is not entitled to any reimbursement in respect of any event or circumstance that prevents or disrupts the event, including inclement weather.
